## Press Release

### Israel Minister of Communications Approved the import of iPAD to Israel

Following the completion of intensive technical scrutiny, Israel Minister of Communications, MP Moshe Kachlon, approved (April 23<sup>rd</sup> 2010) the import of iPAD to Israel.

The scrutiny conducted by the Ministry technical team vis-à-vis Apple's team, International laboratory and European counterparts confirmed that the device which could be operated in various standards will be operated in Israel in accordance to the local standards.

Accordingly, the import of a single device per person will be permitted commencing Sunday April 25<sup>th</sup> 2010.
